PROFILE

Frontend engineer with a strong UI/UX design background, **building production fintech web applications** in **Angular** and **TypeScript** since 2023. Takes work from Figma designs to responsive, accessible, animated UI integrated with REST APIs, and supports Kotlin-based backend development. Comfortable across the full development lifecycle in Agile teams.

EXPERIENCE

UI/UX Developer (Frontend Engineer)

Apr 2023 – Present

Home First Finance Company India Ltd. · Mumbai

- Develop and maintain **Angular** applications using components, modules, routing and services.
- Build responsive, mobile-first UI with **HTML5, CSS3, Bootstrap** and **TypeScript**.
- Implement interactive features (**loan calculators, forms, validations**) that improve usability.
- Integrate **RESTful APIs** and support backend development using **Kotlin**.
- Design and integrate **Lottie animations** and UI enhancements.
- Create UI assets for mobile applications and **App Store / Play Store** listings.
- Collaborate with cross-functional teams in an **Agile** environment, using Git and GitHub.

UI/UX Designer (Intern)

Jul 2022 – Mar 2023

Home First Finance Company India Ltd. · Mumbai

- Designed application interfaces in **Figma**; created icons, logos and UI assets aligned with brand guidelines.
- Produced motion graphics using **Adobe After Effects**.

UI/UX Designer & Developer (Freelance)

Nov 2022 – Jan 2023

Gloria J. D'Souza, Esq. · New York, USA (remote)

- Planned, designed and developed a responsive law-firm website end to end using **Figma, HTML** and **CSS**.
- Wrote SEO-optimised content in the brand's voice and implemented SEO best practices to improve search visibility.

UI/UX Designer & Content Writer (Intern)

Jun 2021 – Aug 2022

EduDev Pvt. Ltd.

- Designed and developed the company website from UI/UX to frontend implementation; managed content and SEO.
